

Which print size?

Four sizes of word search, on paper, at actual size.

These are the books' own pages, so what you print is what you'd hold.

Before you judge the sizes

Print at 100% ("Actual size"), not "Fit to page" or "Shrink to fit".

Then check: the box below should be exactly the size of a bank card or driver's licence.

If your card fits the box, every page in this sample is true to the book.

What's on each page

12 point, capitals about 1/8 in tall: Themeless Standard Print, pages 2–3

15 point, capitals about 5/32 in tall: Town by Town: The Heartland, pages 4–5

20 point, capitals about 3/16 in tall: Themeless Large Print, page 6; Miscellany: Volume 1, page 7

25 point, capitals about 1/4 in tall: Themeless Extra Large Print, pages 8–9

Solutions: pages 10–12

Two sizes on every page

The puzzle letters you search, and the word list you read from. They aren't always the same size, so look at both. The word lists, measured off the books:

12 point books 11.5 pt, 15 point 10.8 pt, 20 point 13 to 14 pt, 25 point 24 pt.

A ruler on the puzzle letters reads 1/8, 5/32, 3/16 and 1/4 in for the four sizes.
